### QUIET AT HAZLETON

General Gobin, However, Will Not Remove the Troops Yet.

### COAL STRIKE SPREADING RAPIDLY.

Superintendent Blake at the Lattimer Mines Urged the Men to Come Back to Work, but They Declined to a Body.

HAZLETON, Pa., Sept. 15.—Despite a variety of alarming rumors and a movement by a body of miners, which at one time looked formidable, yesterday passed off without serious disturbance in the strike regions. Matters still wear such an uncertain aspect, however, that General Gobin declared that the removal of the troops or of any portion of them has not been contemplated. The strike itself is spreading with great rapidity. Exact estimates of the number of men who have quit work are hard to obtain, but conservative figures place it at close to 10,000, with indications that within a short time every colliery of importance in the region will be idle.

Although some disposition has been shown by small bodies of strikers in the outlying districts to make demonstrations, they have been of a rather feeble character, and the great majority of the men are docile. These mines are now idle: Cox's, 2,000; Frank Pardee's, 2,000; Lehigh and Wilkesbarre Coal company's Honey Brook and Audenreid mines, about 2,500; Frank Pardee's Cranberry and Crystal Ridge mines, 1,100; Lehigh Valley Coal company's Hazle mines, Yorktown, Jeanville and Audenreid, 3,000; Calvin Pardee & Co.'s Lattimer and Harwood mines, 2,000.

The men at Cox's, Stockton mines have expressed their intention of joining the strike. Yesterday was their pay day. Concerning the Drifton mine of the same company, which was working yesterday one of the firm said they understood the men were going out. The collieries still working are the Derringer, Tomhicken and Shepton of the Cox company; Weston, Dodgson & Co.'s Beaver Brook mine and J. S. Wentz's Silver Brook mine.

The First City troop of Philadelphia, which was dispatched to the scene of the reported outbreak at Eckley, found nothing for it to do when it reached that place.

An annoying story came to brigade headquarters by telephone. It was to the effect that a gang of miners from Drifton had marched on colliery No. 5 at Jeddo with the expressed intention of bringing the men out. Upon reaching the colliery John Markle, the superintendent, met them and after a conference with a committee of the miners succeeded in turning them off without trouble. This was the only incident of the day which partook of the nature of a demonstration.

It is now certain that no attempt will be made to arrest the deputies so long as troops are camped at Hazleton. General Gobin's declaration that he will protect the sheriff's men as long as he is in command has cooled the ardor of those who are for going about the matter hastily.

The strike leaders and their attorneys deny the right of General Gobin to enforce such an order, but they admit that he has too many guns for them. District Attorney Fell, it is said, is against an immediate serving of the warrants, though he is interested in the prosecutions.

Several of the deputies who left the town immediately after the bloody affair are known to be in Philadelphia and Easton, outside of General Gobin's territory, but it is not likely that they will be arrested before those who are under military protection.

At Lattimer yesterday afternoon a largely attended and decisive meeting of strikers was held to receive the answer of the company to their demands. To a large body of strikers gathered in the open space before the company's store Superintendent Blake appeared at the door and gave them their answer. It was short and to the point and was met with action equally as decisive. The demands had been formulated as follows:

"We desire and wish the privilege of buying our provisions wherever we think proper instead of being forced to do so at the company's store. We want a 20 per cent advance on all classes of labor. We demand the dismissal of all parties who took part on last Friday, Sept. 10, in the shooting affair. We demand that all classes of labor be paid the same for rock work as for coal on idle days. We demand that no man shall be discharged for acting on this committee."

The company's answer to this was: First, that the men are not and never have been obliged to buy exclusively at the company store; second, that the advance would not be granted, because the company was paying the average rate of the region; third, that the company absolutely refused, without assigning any reason, to discharge anybody who participated in the shooting; fourth, that the men suspended on idle days have the privilege of taking somebody else's place, thus making good the difference in rate between rock and coal work; and fifth, that no man shall be discharged for acting on this grievance committee.

Superintendent Blake made a short speech to the men, urging them to return to work, and arguing that they could gain nothing by remaining idle. "What do you say?" he continued. "Will you come back?" There was a moment's buzz, and then a chorus of "No" went up. The superintendent attempted no further persuasion, and the men dispersed.

The mountain journey of the cavalry to Eckley, although agreeably disappointed of its purpose, had a salutary

effect in that it deeply impressed the miners with the extent of the military power.

### TRIBESMEN STILL AT IT.

The English Have Lots of Fighting Yet in the Hill Country.

SIMLA, India, Sept. 15.—There are 59,000 men and 90 guns, including maxims, mobilized on the frontier and in the garisons. Everything is ready for the advance from Shabkadr. The men are in splendid condition.

The lower Mahomedans on the border are anxious to submit on any terms, but the main body is still determined to fight. It is reported that the Haddah Mollah has failed to raise the gathering he expected and will retire to Tirah.

Fort Gulistan is still hard pressed by the enemy. In a sortie the garrison succeeded in capturing three standards. The principal difficulty which the Mahomedan punitive expedition has encountered thus far is in getting stores and transport animals to the front. The entire railway between Peshawur and Meerut is practically blocked from lack of locomotives. A long line of loaded trucks are waiting to be forwarded. All the available trains are being used to hurry the troops to the front.

General Yearman, Biggs, advancing along the Samana ridge to the relief of Fort Gulistan, round the enemy entrenched in considerable force in the Gozra hills. The Third Gorkha regiment stormed the position. One sepoy was killed, and five were wounded.

President Andrews Will Not Resign From Brown University After All.

PROVIDENCE, Sept. 15.—President Andrews of Brown university, in a rather brief letter, has announced his intention of withdrawing the resignation he made some time ago and will continue in his office of president.

His letter reads as follows: Gentlemen—The resolution of the corporation of Brown university on the 1st inst., communicated to me by you, has been carefully considered. I take pleasure in assuring you that the action referred to entirely does away with the scruple which led to my resignation.

At the date, however, when you laid the communication before me I had undertaken to perform the coming year certain work, which, after learning the

judgment of the corporation on the subject, I came to regard as incompatible with the duties of the presidency. I therefore felt obliged at first to adhere to my resignation, but being now free to give to the university my undivided service I have withdrawn my resignation and have notified the secretary of the corporation to that effect.

### VON HAHNKE BURIED.

Last of the Young German Whose Death Was Veiled in Mystery.

BERLIN, Sept. 15.—The funeral of Captain von Hahnke, son of the chief of Emperor William's military cabinet, who met his death by drowning in July last while accompanying his majesty on his trip to the Northland, took place yesterday with full military honors and in the presence of large numbers of military and naval officers.

The ceremony, which was most impressive, was witnessed by an immense concourse of people. Beautiful wreaths were sent by the emperor and empress and by Prince Leopold of Prussia.

The official version of the death of young Von Hahnke seems to be that while out bicycling with a brother officer he accidentally ran into the river Grondalselv in trying to avoid a collision with a shying pony. According to the official account, the river is a raging torrent, from which escape is impossible, and when young Von Hahnke's companion came upon the scene all trace of the unfortunate youth, except his cap, had disappeared.

There have been other stories of the cause of death. A week ago Mr. La-bouchere, in London Truth, renewed the mysterious hints that there was a close connection between the death of Captain von Hahnke and the black eye which Emperor William received about the same time. The official explanation of the accident to the kaiser attributed it to a blow from a rope which was being whirled about by the wind one evening when young Von Hahnke was officer of the watch on board the imperial yacht Hohenzollern. According to one version, the emperor abused Von Hahnke so coarsely that the latter committed suicide.

### DETAILS OF TEXAS STORM.

Special Dispatch to Kansas City Tells the Loss of Life and Damage to Shipping.

KANSAS CITY, Sept. 15.—A special says: Sabine Pass suffered greatly from the recent storm. All of the small shipping at both the new and old towns was destroyed. The old town was wrecked, and many of the larger vessels were badly damaged. Only the large buildings in the new town remain standing. During the storm six feet of water covered the town.

Ten deaths have been reported up to this time, and many are missing. Four tugs went down with their crews, but the United States life saving crew stationed at Sabine Pass succeeded in saving many lives.

When the terrific windstorm struck the town, it was accompanied by a brisk rain, which soon made rivers of the streets. This, together with the high waves breaking over the banks of Sabine lake, caused fear that the town was about to be visited by a tidal wave. There was a rush for the depot, and the evening local to Beaumont, Tex., was soon filled with excited women and children. An hour after the storm, however, the water had all drained off, and today the streets are dry. Yesterday a special train, carrying President A. E. Stillwell, General Manager Robert Gilham, Vice President E. L. Martin, George Matthews, head of the building department, and Judge J. D. McTrimble, one of the directors of the Pittsburg and Gulf railway, left Kansas City direct for Port Arthur.

### House and Barn Burned.

### IS IT MRS. LUETGERT?

Wild Woman Found Near Melrose Park, Chicago.

### RESEMBLES SAUSAGE MAKER'S WIFE.

The Police Do Not Pay Much Heed to the Story, but the Defense Are Jubilant and Quite Sure It Is She.

CHICAGO, Sept. 15.—A woman, demented and almost nude, has been found in the woods near Melrose Park by some farmers.

She was in a terrible condition from exposure and privation, having been living in the woods for at least a month. Her description is said to tally to a startling degree with that of the missing Mrs. Luetgert.

Beyond sending out a full description of Mrs. Luetgert the Chicago authorities have taken no action in the matter, as they do not believe that the woman is Luetgert's wife.

Farmers and residents in the vicinity of Melrose Park have long been excited over the mysterious wild woman, who has been reported in the woods from time to time. These stories were inevitably branded by the authorities as sensational and not worth an investigation. All efforts to catch the wild person have heretofore proved futile. It was not possible to trace her to a hiding place. She was gifted with the cunning of an animal and would dart in and out among the tree trunks with almost incredible rapidity.

The people in the neighborhood of Melrose Park, nearly all of whom have seen the wild woman, are firmly convinced that she is Mrs. Luetgert. They have all followed the case closely since Luetgert was arrested, and all have a good description of Luetgert's wife. The woman's captors say that the description is almost identical.

Luetgert's lawyers, as soon as the news of the woman's capture was telegraphed to Chicago, started men capable of saying definitely whether or not the woman found at Melrose was Mrs. Luetgert for the scene of the capture. Luetgert is positive it is she. The defense is jubilant and the prosecution puzzled, although insisting that the wild woman and Mrs. Luetgert cannot be one and the same person.

### WEYLER LIKELY TO REMAIN.

The Spanish General May Still Hold Power, Says a Correspondent.

LONDON, Sept. 15.—The Times' correspondent at San Sebastian comments upon the "almost complete indifference displayed by representative men regarding the extremely critical political situation." Continuing, he says:

"Ministers, generals, diplomatists and public men of all parties and of every variety of opinion merely shrug their shoulders when Cuba is mentioned. The present government is weak in the extreme, but there is no sign that the Liberals are any better organized."

"Captain General Weyler will probably be retained in Cuba out of deference to the personal wishes of the late premier, Senor Canovas del Castillo, but experience forces the conviction that Cuba will never be pacified by military operations. The question arises whether the United States could be induced to stop American supplies to the insurgents. If so, there is no doubt the rebellion would soon collapse. The difficulties would be great, but the question ought seriously to occupy the attention of Spanish statesmen."

### Atlantic Liner Aground.

NEW YORK, Sept. 15.—The Atlantic Transportation line steamer Mississippi, Captain Cannon, from London, while coming into the Narrows last evening at 7:20 o'clock, ran ashore on the south side of Fort Wadsworth in order to avert a collision with a coal laden schooner which had tacked across her bows. The Mississippi lies within about 75 feet of the shore and is only aground forward for about 50 feet of her length, the remaining portion of the vessel being afloat. The Mississippi at the time of the grounding was in charge of Pilot Joseph H. Nelson of the New York and Sandy Hook tug service. The tug I. J. Merritt of the Merritt-Chapman Derrick and Wreckage company went to her assistance.

### Use of Postal Cards Restricted.

NEW YORK, Sept. 15.—John A. Merritt, third assistant postmaster general, has sent out an order notifying postmasters throughout the country that printed postal cards so prepared that by attaching a signature thereto they are converted into receipts or into orders for payment to the person to whom they are addressed for some article furnished to him become a personal communication and are therefore liable to postage at first class rates.

### Germany's Emperor May Visit England.

LONDON, Sept. 15.—Truth says that since the return of Emperor William of Germany from Russia he has expressed a wish to visit Queen Victoria in the autumn and will probably cross from Kiel to Aberdeen in the Imperial yacht Hohenzollern for the purpose of making a strictly private visit to her majesty at Balmoral castle. The emperor, it is further stated, will remain her majesty's guest for a few days and will return to Kiel direct.

### A New Klondike Railway.

VANCOUVER, B. C., Sept. 15.—Superintendent Duchesnay, chief engineer of the Kootenay division of the Canadian Pacific railway, left on the steamship Princess Louise for the mouth of the Stikkeen river in order to locate a line for a railway to Testin lake, which will tap the Yukon trade. On the same boat were about 40 passengers from the Bristol and Eugene, who will try to get into the Klondike country by the Stikkeen route.

### HE WAS PERPLEXED.

James Felt Unequal to His Unique Task.

The directors of a bank had engaged the services of a watchman, who came well recommended, but did not seem over-experienced. The chairman, says an exchange, therefore, sent for him to post up a bit, and began:

"James, this is your first job of this kind, isn't it?"

"Yes, sir."

"Your duty must be to exercise vigilance."

"Yes, sir."

"Be careful how strangers approach you."

"I will, sir."

"No stranger must be allowed to enter the bank at night under any pretext whatever."

"No, sir."

"And our manager—he is a good man, honest, reliable and trustworthy; but it will be your duty to keep your eye on him."

"But it will be hard to watch two men and the bank at the same time."

"Two men—how?"

"Why, sir, it was only yesterday that the manager called me in for a talk, and he said you were one of the best men in London, but it would be just as well to keep both eyes on you and let the directors know if you hung around after hours."

**Decreasing Birth Rates in America.**

French economists are consoling themselves for the gradual depopulation of their country, pointing out that many of the American states, including the whole of New England, are still worse off, says the St. Louis Globe-Democrat. The birth rate in France has fallen from 33 per 1,000 at the beginning of the century to 22 per 1,000, and is less than the death rate, so that, if the present conditions continue, in about 200 years the French race will have become extinct. In many of the United States, however, matters are even more serious. The birth rate in Nevada is 16.30 per 1,000, so that, even if no more people should emigrate from that state, its population would die out completely in less than 100 years. Maine comes next with a birth rate of 17.99 per 1,000, which gives its race about a century longer to exist. New Hampshire is third, with 18.4 per 1,000. Vermont is fourth, with 18.5, and so on to say, California, which comes next, has a birth rate of 19.4 per 1,000, or nearly 12 per cent. less than that of France.

### THE TALK OF THE CITY.

It's of Interest to Our Readers Because It Has Reference to Middletown People.

It's astonishing how good news will spread. From every ward and street we hear of our people talking about the workings of the little conqueror. Merit and honorable methods receive their just reward. So many cases are cropping up that it is next to impossible to investigate them all, but we have taken a few in hand and give them publicity for the benefit of our readers. Our representative obtained the following statement of facts in a personal interview. They are true in every particular and no stronger evidence can be obtained than home endorsement.

T. P. Cronin, of No. 201 West Main street, furnishes an example of this. He says:—"Some four years ago I had the grip and when I recovered from its attack I found it had left my back in a very bad condition. It soon developed into a severe kidney and urinary trouble, that caused me the most terrible backache and great irregularity of the kidney secretions, which had a thick, cloudy appearance, were very dark in color, precipitated a heavy deposit and were so frequent that I had to get up quite often during the night. I did an extra hard work or caught cold the pain was always more severe and the urinary trouble more annoying. I took numberless remedies for my complaint but failed to find anything to cure me until I obtained a box of Doan's Kidney Pills at J. E. Mills' drug store. They acted in my case about the same as they did in all others whose published statements I had been reading about. I endorse all that is claimed for Doan's Kidney Pills."

Doan's Kidney Pills are sold for 50 cents per box, or six boxes for \$2.50. Foster-Milburn Co., Buffalo, N. Y., sole agents for United States. Sent by mail on receipt of price. For sale by all dealers.

Remember the name Doan's, and take no substitute.

### Pine Apple Dyspepsia Cordial.

It has recently been discovered that the juice of the pine apple rapidly digests both animal and vegetable food and is nature's greatest digestive. The Pine Apple Dyspepsia Cordial combines with the delicious juice of the pine apple other grateful and superior stomach tonics which renders it the most marvelous discovery and cure known for indigestion, dyspepsia, loss of appetite, sour stomach, weight and tenderness in stomach, nausea and sick stomach, sick headache, sleeplessness, frightful dreams, and all troubles arising from disease of the stomach or disordered digestion. It is delicious to take and on account of its wonderful digestive power gives almost instant relief. Sold by J. E. Mills', druggist, No. 2 Empire Block, Middletown.

To heal the broken and diseased tissues, to soothe the irritated surfaces, to instantly relieve and to permanently cure is the mission of DeWitt's Witch Hazel Salve. W. D. Olney.

### LIQUID FUEL.

Oil Better Than Coal for Many Purposes.

Liquid fuel is coming into general use among engineers, and there can be little doubt that if road carriages are to be propelled by steam, the only fuel admissible will be some form of petroleum, says the National Recorder. At a late meeting of the Northeast Coast institution in South Shields, Mr. R. R. Wallis read a paper giving the results of many experiments to ascertain the calorific and evaporative value of various oils as fuel for steam raising. In comparing coal and oil he shows that the value of each varies greatly with the quality and circumstances under which burned, oil doing from one and a half to two and a half times the work of an equal weight of coal. This is accounted for, first, by the complete combustion of oil without loss of heat in soot or smoke; second, because there are no fires to clean with the accompanying loss of heat and fall of steam pressure, the pressure and revolution of the engines being maintained; third, because the boiler tubes are always clean and in the best condition for the heat from gases passing through them to the boiler, and fourth, because the temperature of the escaping gases may be lower than is necessary to create the draught necessary for coal firing. There are no bans nor thick fire for the air to force its way through; the required amount of air can be drawn through the furnace by a lower uptake temperature, and the admission of air being under complete control and the fuel burned in fine particles in close contact with the oxygen of the air, only a very small excess of air is required. It occupies, moreover, only half the space needed for coal.

### MET FIRST IN YOKOHAMA.

Though in New York They Had Lived for Years in the Same House.

"It is a familiar saying," said a New Yorker, as reported by the Sun, "that people may live next door to each other in New York and never know each other at all, and it's quite true; and the same is true also of people living in even closer proximity in flats. I have lived for years in a flat and have never known even by sight the people living above or below me. In the case of a flat house, however, you are pretty sure to learn the names of the tenants. You hear them spoken in the elevator shaft by the grocer and the butcher, or you may see them yourself on the letter boxes in the vestibule of the building; but that in most cases would be as far as your acquaintance would proceed. I did once become acquainted with my neighbor in the floor below, but it was by chance, and in Yokohama."

"Your name is familiar," I said to him.

"And yours to me," said he; and when we came to compare notes we found that they had become so through the names on the letter boxes in the flat house at eleven hundred and seventy-seven West Leventy-leventh street, New York, where we both lived.

"For years we had lived only 15 feet apart, but we became acquainted 10,000 miles away."

### SUBSTITUTE FOR COAL.

A Smokeless Fuel That Seems to Be Gaining in Popularity.

In the future we may be exporting masut instead of exporting coal, says the Chicago Inter Ocean. Masut is a by-product in the distillation of raw petroleum. It is also manufactured from a cheap brown coal found in Saxony. There has been, until recently, great trouble in finding a furnace suitable for burning it. It is now blown by steam into a special furnace, on the principle of the Lucigen light, and used without difficulty. It is 40 or 50 per cent. cheaper than coal, and is 20 per cent. better as a heat raiser. Steam can be got up quicker and kept at a higher pressure, and more work can be done by the machinery. From a naval point of view these are vitally important facts. No sign of a ship under full steam will be shown in the sky, for masut is a smokeless fuel. Russia and Italy are using it in their navies, and Germany has lately made some valuable experiments. At Kiel-Wilhelmshaven and Danzig are tanks from which it can be pumped into ships. Its specific gravity being so much less than that of coal, a ship's buoyancy is greatly increased when the bunkers are filled with it. Heavier armor or cargoes can be carried. The heating capacity being greater, the ship can travel faster or farther. It is yet to be learned what improvements the Germans have introduced into their furnaces, and what are the disadvantages of masut.

### Spider Buiks on Water.

What is known as the raft spider is the largest of the British species. It receives its name from the fact that it constructs a raft of dried leaves and rubbish united by threads of silk and thus pursues its prey on the water.

### PASSING UP HIS ADVICE.

Queer Method of a Business Man Giving Charity to a Tramp.

Catching at the stranger's coat tail he murmured in a deprecating tone: "Could you give me a little assistance, sir?" The stranger turned and looked him over. His eyes were bloodshot, his clothes dirty, his whole appearance decidedly the worse for wear.

"What do you want?" was the reply to the tramp, reports the Chicago Chronicle.

"A job, after I get a square meal," said the tramp.

"What can you do?" asked the stranger.

"I can keep books, sell goods, drive a delivery wagon, compound prescriptions, set type and do farmwork."

The stranger scribbled a few words on a card, handed the tramp a dollar and said: "Take this card to this address and I think it will get you work. Take that dollar, get a bath, a shave, a hair cut, something to eat and a drink of whisky. That will brace you to meet my friend. So long."

"There's just one thing more," said the tramp. "How do you happen to give me just a dollar and all these directions with it?"

"Because I got a dollar from a man on this very corner about ten years ago," said the stranger, "just as you are getting it from me, and I'm passing up his advice and his money just for luck."

### Exiles at St. Helena.

Mr. Chamberlain, in his capacity as British secretary of state for the colonies, has just caused it to be known that the English government has resolved to release the son and two brothers of the famous Zulu king, Cetewayo, from their captivity at St. Helena, and to restore them to their own country. Years ago they were exiled to that dismal island, where Napoleon died a prisoner, on the mere suspicion of being engaged in organizing a revolt against British rule in Zululand. They have always protested their innocence, and, inasmuch as their guilt has never been proved and they have never been convicted by any court of law, their liberation is but a tardy act of justice.

### TO CURE DYSPEPSIA.

#### A New Remedy Which Will Do It.

Chronic dyspepsia is considered by many people to be nearly if not quite incurable. No good reason can be given why they think so except that perhaps they have tried various remedies without much, if any benefit. But the progress in every branch of medicine has been such that among other things a lasting cure for indigestion in its chronic form as well as temporary has been discovered and is now placed before the public strictly on its merits as a permanent cure for all stomach troubles or difficulties with the digestive organs.

This new treatment is Stuart's Dyspepsia Tablets, being put up in tablet form so as to be easily taken and also to preserve its good qualities for an indefinite length of time.

This remedy has produced surprising effects in the worst forms of indigestion, and in many cases where ordinary remedies failed to give even relief, Stuart's Dyspepsia Tablets have fully cured.

The splendid results from using this preparation are owing to the fact that it is prepared and intended for dyspepsia and stomach troubles only. It is not a cure-all like so many advertised remedies, claiming to cure every thing under the sun, but it is claimed that it is a certain cure for dyspepsia and anyone suffering from any form of indigestion cannot fail to get permanent relief and cure from its use.

It is so prepared and the ingredients are of such a nature that when the tablets are taken into the stomach they digest the food no matter whether the stomach is in good working order or not. You get sustenance and strength to mind and body by reason of the food being properly digested and at the same time the much abused stomach is allowed to rest and recuperate.

Notwithstanding the great benefits to be derived from Stuart's Dyspepsia Tablets, the price is but 50 cents for full sized package and all druggists sell them.

A little book on stomach diseases mailed free by addressing the Stuart Co., Marshall, Mich.

### For over Fifty Years

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. It has been used for over fifty years. It is a most valuable remedy for children teething. It will relieve the poor little sufferer immediately. Depend upon it, mothers there is no mistake about it. It cures Diarrhoea, regulates the Stomach and Bowels, cures Whooping Cough, softens the Gums, reduces inflammation and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States. Price twenty-five cents a bottle. Sold by all druggists throughout the world. Be sure and ask for "Mrs. Winslow's Soothing Syrup."

The "bicyclists best friend" is a familiar name for DeWitt's Witch Hazel Salve, always ready for emergencies. While a specific for piles, it also instantly relieves and cures cuts, bruises, salt rheum, eczema and all affections of the skin. It never fails. W. D. Olney.

One Minute Cough Cure, cures. The is what it was made for.

WEDNESDAY, SEPT. 15, 1897.

It is announced that the German American Reform Union of New York city, which polls about 30,000 votes, has tied on "reform" as exemplified under a Republican city government, and will support the regular Democratic candidates. The friends of Low had counted on the Union's support, but the candidate's letter of acceptance was so unsatisfactory to the Union that it will throw its strength against him.

## HELP CAME JUST IN TIME.

A Farmer's Daughters Outrageously Insulted by Unknown Bicyclist.

While the daughters of a respectable farmer of near Westburyville, aged sixteen and fourteen years, were on their way from Westbury to their home, one day last week, they stopped to rest in the shade of a piece of woods near Haven. While they were there, two bicyclists rode up and made insulting proposals to the girls. The frightened girls screamed for help when the wheelmen drew revolvers and threatened to shoot them if they did not keep still.

Fortunately for the girls their screams were heard by Abram Healy, who whipped up his horse and hurried to their rescue. When the bicyclists saw him coming they mounted their wheels and rode rapidly away, going in the direction of Port Jervis. There is no clue to their identity.

## A VERY GREAT SUCCESS.

Miss Stewart's Nyack Kirmess Netted Over \$3,000 for the Hospital.

The gross receipts of the kirmess given in Nyack last week under the direction of Miss Lila A. Stewart were about \$4,600 and the net sum realized was not less than \$3,000, which will be applied directly to the building of the hospital. Miss Stewart will receive thirty-five per cent. of the receipts from the sale of tickets, \$640.

The Nyack Star says that the kirmess was a success far beyond the most rosy expectations of the Hospital Association and surpassed any other entertainment or social affair ever held in Nyack.

## An Elopement Prevented.

Edward Hess, of Bethlehem, and Daisy, the pretty daughter of J. Whitney, a tea merchant of Newton, had planned to elope and were at the railroad station Sunday night, when the girl's father appeared, and at once began to pomel Hess. He banged him around mercilessly for a few minutes and at last the young man fled to escape further punishment. Then the father marched the girl home.

## Killed on the Erie.

An unknown man, supposed to be an Italian, was struck and killed by Erie train 2, near Shohola, Monday afternoon. He stepped between the tracks to get out of the way of a freight, and stood so close to the east bound track that when the express passed it struck and killed him.

## A Four County Fair Proposed in Port Jervis.

The Union says that many citizens of Port Jervis are discussing the scheme of an inter-county fair in that village. Orange, Sullivan, Sussex and Pike counties would be interested in the exhibition, and it is thought it could be made a great success.

## COUNTY FAIR BICYCLE RACES.

Interesting Contests but Slow Time—Track Too Heavy for Bicycles—A Collision Resulting in Painful Injuries to One of the Riders.

The centre of attraction, yesterday afternoon at the fair grounds, was the bicycle races. Some well known riders were present and last time was expected, but all of the contestants complained of the condition of the track, which was too soft for bicycle racing.

The afternoon's sport was marred by an unfortunate accident in the half mile dash. There were eleven starters in the race, and as the bunch was riding within 100 yards of the wire a collision occurred, and W. R. Brinkerhoff, of Peekskill, and H. C. Harrington, of Lyndhurst, N. J., were sent flying from their wheels. Harrington escaped without a scratch, but Brinkerhoff struck against a fence post and received a cut on his left leg, which exposed the bone. He was badly bruised about the face and body, and for a moment was completely knocked out.

Dr. Van Wageningen, of Suffern, dressed the injuries temporarily, and the man was carried to his quarters.

The feature of the day's racing was the riding of C. M. Ertz, of the Riverside, champion of New York, in the mile handicap. He started at scratch, while the others were strung out from the fifteen yard mark to 125 yards. Ertz caught his field in the easiest possible manner and won the race hands down.

The two mile Orange county championship was twice won by Clarence L. Hulst. The first race was declared won, as the men did not finish within the time limit of five minutes imposed by the judges.

The tandem race proved interesting, but was an easy victory for Ertz and Bedell in the final heat.

The summary:  
Two Mile Orange County Championship—Won by Clarence L. Hulst, Middletown; E. A. Thomas, second, W. J. Oakley, third; W. S. Weeks, fourth. Time 5 minutes, 20 1/2 seconds.

Half Mile Open—Won by C. M. Ertz, New York, O. V. Bibeck, New York, second, W. S. Slavin, third. Time 1 minute, 13 seconds.

One Mile Open—Won by C. M. Ertz, W. A. Ladue, Cold Spring, second, Walter Babb, Paterson, third. Time 2 minutes, 34 1/2 seconds.

One Mile Handicap—Won by C. M. Ertz, second, Walter Babb, Paterson, 15 yards, second, H. Y. Bedell, Riverside, 50 yards, third. Time 2 minutes, 16 seconds.

One Mile Tandem, Open—Won by C. M. Ertz and H. Y. Bedell; W. Babb and A. Crawford, second. Time 2 minutes, 23 1/2 seconds.

## OBITUARY.

Mrs. Elizabeth Ellen.

Mrs. Elizabeth Ellen, who died Tuesday at her home, No. 16 Cortland street, was the widow of Thomas Ellen who was killed in a railroad accident at Clarenceville, L. I., in 1888. She was born in Kent, England, and had been a resident of Middletown for seven years. The cause of death was the debility of old age.

Mrs. Ellen was the mother of nine children of whom five survive—Mrs. Katherine Albertus, with whom she made her home in this city; Thomas, of Little Britain; George, of Newburgh; Edward, of Deckertown, N. J.; and Mrs. Lizzie Robbins, Whitesville, N. Y.

## LIBERTY-JEFFERSONVILLE RAILROAD

No One Knows Where the Money Comes From, But the Work Goes On.

About nine miles of the roundbed of the Liberty-Jeffersonville electric road has been graded and work is soon to be begun at the Liberty end of the line. All the ties that could be secured at the Jeffersonville end of the road have been bought and the others necessary have been contracted for in Delaware county. The machinery and equipment for the power house has been bought and will be put in soon. No one knows who is furnishing the money for the road, but it is confidently expected that it will be ready for business by next summer.

## Good

Blood is essential to health. Every nook and corner of the system is reached by the blood, and on its quality the condition of every organ depends. Good blood means strong nerves, good digestion, robust health. Impure blood means scrofula, dyspepsia, rheumatism, catarrh or other diseases. The surest way to have good blood is to take Hood's

## Given a Prison Commission Clerkship.

At the meeting of the State Prison Commission in Albany, yesterday, Philip G. Roosa, of this city, was appointed a general office assistant at a salary of \$1,000 a year.

According to a celebrated anatomist there are upwards of 5,000,000 little glands in the human stomach. These glands pour out the digestive juices which dissolve or digest the food. Indigestion is want of juice, weakness of glands, need of help to restore the health of these organs. The best and most natural help is that given by Shaker Digestive Cordial. Natural, because it supplies the materials needed by the glands to prepare the digestive juices. Because it strengthens and invigorates the glands and the stomach, until they are able to do their work alone. Shaker Digestive Cordial cures indigestion certainly and permanently. It does so by natural means, and therefore lies the secret of its wonderful and unvaried success.

At druggists, price 10 cents to \$1 per bottle.

Pure, rich blood feeds the nerves. That is why Hood's Sarsaparilla, the great blood purifier, cures nervousness.

mess. This is her second engagement,  
at that place, her first kirmess there hav-  
ing been given two years ago.

## BOARD OF EDUCATION.

Teachers' Engagements Ratified and a  
Big Batch of Bills Audited, Last Night  
—Enumerators appointed.

The action of the Benton Avenue com-  
mittee in engaging Miss Ruth E. Woolsey  
at a salary of \$400 and of the High  
School committee in engaging Miss Van  
Duzer at a salary of \$400 in place of Miss  
Parks, were approved.

The resignation of Miss Anthonetta C.  
Wygant was accepted.

Bills to the amount of \$3,151.41 were  
audited. Among them were the coal bills  
of Wilson & Wood and Gordon A. Horton,  
\$296.50 and \$253.30; W. C. Rogers, paint-  
ing, \$150.05; John Young, painting,

ARDEX, N. Y., Aug. 9, 1897.—We value  
Hood's Sarsaparilla very highly. My  
mother was afflicted with asthma for 20  
years. She began taking Hood's Sarsa-  
parilla, and a few bottles of this medicine  
cured her. She has not had a sick day  
since that time. My brother has also  
taken Hood's Sarsaparilla, and it has  
done him much good.

## THE COUNTY FAIR.

Large Crowd in Attendance  
This Afternoon.

FINANCIAL SUCCESS ASSURED.

Noteworthy Exhibits in Different  
Departments.

Many Out of Town Visitors on the  
Grounds To-day—Crowds of Happy  
Children—Judges at Work in the Dif-  
ferent Departments—Some Things  
Worth Seeing Among the Exhibits—  
Managers All Wear Smiling Faces—  
Notes and Comments.

The attendance on the county fair, to-  
day, has been larger, much larger, than  
the managers dared to hope for and, as  
they look out over the grounds, crowd-  
ed with visitors, the officers of the Agricul-  
tural Society smile broadly and rub their  
hands with satisfaction for they know  
that the financial success of the exhibi-  
tion is assured.

Middletown is well represented on the  
grounds, this afternoon, especially by its  
younger generation for this is Children's  
Day and hundreds of school children are  
in attendance seeing everything that is  
to be seen. The attendance from out of  
town is unexpectedly and gratifyingly  
large, to-day. The early morning trains  
brought in large loads of passengers and  
the later trains were also crowded with  
fair goers. Many drove into town and  
every shed and stable was filled with  
horses and many rigs were tied on the  
grounds. Not a few country people left  
their rigs at Goshen and came to this  
city on trolley cars.

The service of the Traction Company  
has been admirable. Cars have been run  
at frequent intervals, and the large  
crowd has been transported quickly and  
safely and without inconvenience.

Up to noon 2,500 single admission  
tickets had been sold, and the ticket sell-  
ers and gate keepers estimate that there  
are, this afternoon, not less than 7,500  
people on the grounds.

The judges in the different departments  
have been at work to-day. Some of  
them found their task an easy one, but  
others had so many articles to pass on  
which approached each other so closely  
in merit that it was difficult indeed to  
make the awards.

The Chester Band is in attendance, to-  
day, and is furnishing an abundance of  
good music, which the crowd seems to  
appreciate.

Much interest is manifested in the  
horse races, which are proving a very at-  
tractive feature to many. There is, how-  
ever, a great deal of justifiable kicking at  
the charge of twenty-five cents for admis-  
sion to the grand stand. Those who  
have paid fifty cents to get into the  
fair grounds think that they should see  
all that is to be seen for "one price of  
admission."

## FINE EXHIBIT OF WAGONS.

The Middletown Wagon Company has  
a first class display of wagons. It is as  
complete as it is general, and it includes  
everything in the way of wagons for  
which there can possibly be a demand in  
this section. It is not a collection of  
vehicles got together with special refer-  
ence for exhibition at the fair, but a fair  
sample of the full and varied line kept in  
stock by the company at its warehouses,  
No. 10 Henry street. With them is  
J. A. Young, representing the Safety  
Buggy Company, of Lancaster, Pa. He  
shows a Stivers runabout with Ideal  
shaft coupling.

## GOOD THINGS TO EAT.

In building No. 1, J. Wisner Utter, of  
Amity, shows samples of honey in jars  
and in the comb. He also has two  
swarms of bees in glass cases.

In this building Mrs. A. Ed Ludington  
shows canned pears, peaches, plums,  
jelly. Other exhibitors of canned fruits  
are: Mrs. L. H. Mapes, Mrs. Sidney  
Smith, Mrs. R. W. Chamberlain, Miss L.  
C. Mapes, cider vinegar, S. S. Mapes. A.  
V. Myers shows two cans of cherries in  
natural state as pickled two years ago.

WINDMILLS AND OTHER THINGS.  
S. D. Horton has an Altouse, Wheeler  
windmill and a Chamberlain miniature  
hay fork; a natural crooked and nibbled  
eythe stick, grown so that it hangs  
ready to mow; water pipe, patent glass  
seat valve pump made by F. E. Myers &  
Bro., of Ashland, O., and a sample of as-  
phalt ready roofing.

FAIR IMPLEMENTS AND MACHINERY.  
J. L. Van Cleft & Co., of Newburgh, have  
complete collection of farm machinery.  
This includes the full line of Syracuse  
plows, cultivators and barrows, horse  
powers, the Ross feed cutters, feed mills  
and power saws. Mr. Van Cleft is giving  
personal attention to the exhibits.

P. P. Mast & Co., of Philadelphia, show  
a grain drill.

The Richardson Manufacturing Co., of  
Worcester, shows a chain gear Buckeye  
mower and a Worcester hay rake.

C. Heinzelman, of Warwick, has a Uni-  
versal cistern and well purifier. It is a  
serviceable invention for removing mud  
and dirt from wells and cisterns.

J. D. Bouton, of Monroe, shows Car-  
roll's stock watering device. It is con-  
sidered to be one of the best devices in the  
market. It may be seen on machinery  
row.

## THE POULTRY SHOW.

In the poultry department are W.  
Theo. Wittman's white leghorns, mag-  
pies and homers; D. L. Orr has jacobine,

fantails, pouters, homers and other  
pigeons, white and black Minorcas,  
black, white, buff, gold and silver polish  
chickens, light and dark Brahmas, buff,  
white and black Cochins, white and Cor-  
nish Indian game, Pekin ducks and  
bronze turkeys, gold and silver Sea-  
brights, buff, white and black Cochins  
bantams, dark tailed Japanese, Lord &  
Taylor, homers; H. W. Millsbaugh, Wal-  
den, silver Wyandottes; W. L. Mintram  
brown and white Leghorns, Houdans,  
black and white Minorcas, light and  
dark Brahmas, partridge and buff Coch-  
ins, silver Wyandottes, white-faced  
black Spanish chickens, black Javas;  
Dr. H. W. Haskell, pyle game bantams,  
White Oak Farm, Cornwall, Belgian  
hares and lop-eared rabbits; T. F.  
Rackham, Orange, N. J., Peruvian, Ab-  
ysshian, smooth and long haired guinea  
pigs; F. Borman, Danbury, Conn., gold-  
en Wyandottes; E. S. Epeneship, Car-  
lyle, Pa., white Plymouth rocks and  
black Minorcas; Mrs. Sidney Smith,  
Mount Hope, black Minorcas and two  
loose geese, Houdans; W. W. Mackey,  
two loose Emden geese and bronze tur-  
keys, gray cell ducks and pit games.  
The Star Incubator Company, Allen-  
town, Pa., shows chickens in course of  
manufacture; Arthur Bennett, penwolds;  
E. B. Underhill, Poughkeepsie Indian  
game and Pekin ducks. C. F. Kenney,  
Danbury, Conn., black and red game  
bantams; O. W. Mapes, white Leghorns;  
A. V. W. Brown, white Leghorns; Nel-  
son Bowser, buff, Plymouth rocks; R. G.  
Alden, Montrose, Pa., golden Wyand-  
ottes; Green Hill Poultry Farms,  
Amity, dark Brahmas.

## A FINE SHOW OF DOGS.

In the dog tent Weeks & Turner, of  
Baltimore, Md., have the largest kennel.  
They show some of the finest wolf dogs  
in the country, also fox terriers. There  
is a strong string of collies from S. L.  
Stewart and Frank Geraghty, of New-  
burgh. Several wood dogs from New-  
York include a German monkey terrier,  
which is new to dog fanciers here. It is  
exhibited by H. T. Draper, of New York.

A big German boar hound belonging  
to Weeks & Turner is a favorite. E. N.  
Barker, of Newburgh, has a fine lot of  
French poodles. Joy II is a celebrated  
cocker exhibited by E. N. Barker. Mrs.  
D. H. Arthur exhibits a pretty fox ter-  
rier. A raccoon is shown in the tent by  
Samuel Stewart, of Newburgh, who has  
a large exhibit of Scotch collies. There  
are five fox terrier pups exhibited by J.  
Laird, of West Newburgh.

The celebrated Terence, one of the best  
male setters in America, is shown by  
J. C. Fleming, of Newburgh. A Scotch  
terrier and a Bassett hound, curious  
dogs, are shown by Weeks & Turner.

Joseph's Carver's old English collie  
is here. He has won many prizes.  
Mrs. Wm. Robbins shows a fine trick skye-  
terrier. A specimen of the Airedale, a  
great dog of the Lancashire and York-  
shire weavers, is shown.

The Brookside kennels, S. L. Stewart,  
show many fine collies, including Dr.  
David, who has won every time he has  
been shown all over this country. Mr.  
Stewart also shows an imported bitch,  
Brookside Belle, winner of many prizes  
on the other side of the Atlantic. S. T.  
Dusenberry shows an Arden cocker  
spaniel.

Among Frank Geraghty's entries are  
four bitches, two dogs and even pup-  
pies. One of the bitches, Alice G., is by  
Sefton Hero, the champion dog of the  
world, now owned by J. Pierpont Morgan.  
He also shows four bitches by  
Brookside Blanche, lately imported by  
Samuel Stewart, out of Alice G. by  
Sefton Hero. These are the finest bred  
collies in the world. Mr. Morgan paid  
\$7,000 for Sefton Hero and \$5,000 for  
Ruford Ormond.

There are bull dogs and all other  
kinds of reputable dogs and they make  
the grounds very lively when all are  
barking.

## WITH THE CATTLE.

H. M. Carpenter, of Goshen, shows a  
fine three-year-old Holstein bull.

George Hallock, son of Supt. W. H.  
Hallock, shows 13 natives and grades.  
A. Denniston, president of the associa-  
tion, shows 24 natives and grades. Wm.  
Wallace, of Bullville, shows 11 natives  
and grades.

Alfred Sweet, of Glen Falls, has a car-  
load of Oxford, Leestershires, Cotswolds  
and Lincoln sheep, and one Spanish  
merino. He also has six breeds of swine:  
Berks-shires, Cheshires, Chester Whites,  
Durocks and Poland Chinas and York-  
shires.

The State Hospital's exhibit of sixteen  
hogs attracted much attention. Supt.  
Hallock said that if as good care was  
taken of the patients there no one ought  
to complain. H. M. Carpenter shows a  
full blooded Jersey cow. Isaac T. Mapes  
shows a Holstein bull and a calf.

Theo. T. Hulse a native bull and a pair  
of Devon oxen. F. S. Kendall, of How-  
ells, shows a herd of registered Guer-  
seys. P. Cummings shows a Guernsey

Return of the New York Central  
Scheutzen Corps.

The New York Central Scheutzen Corps  
returned from its annual outing at  
Kiamiesha Lake, yesterday afternoon.

During the stop of their train at the  
Wickham avenue station many of the  
members of the corps went to Thrall  
Hospital to call on Leo Schurr, who was  
injured, Sunday, by falling from the  
train at Craunsons. They found him  
fairly comfortable and doing as well as  
could be expected. He will not, however,  
be able to go home for several days.

## A Boy Bicycleist's Wonderful Escape.

Herman, son of Nicholas Gebhardt, of  
Matamoras, rode his bicycle on the Mil-  
ford road, Monday afternoon. He passed  
the Milford stage and when turning  
into the road in front of it slipped and  
fell directly in front of the horses. They  
gave a plunge and cleared him and by  
some lucky chance the stage passed over  
him without the wheels even touching  
him.

## A P. U. Theft.

The penny-in-the-slot candy box, which  
hangs in front of Kinn's confectionery,  
North street and Railroad avenue, was  
stolen, last night. It was found, to-  
day, along the O. and W. track, smashed  
to pieces and candy and pennies both  
gone.

## Town of Crawford People at the Fair.

The Crawford branch train brought  
140 passengers to the city, this morn-  
ing, most of whom attended the fair.

## There is a Class of People

who are injured by the use of coffee. Re-  
cently there has been placed in all the  
grocery stores a new preparation called  
GRAIN-O, made of pure grains, that  
takes the place of coffee. The most deli-  
cate stomach receives it without dis-  
tress, and but few can tell it from coffee.  
It does not cost one-fourth as much.  
Children may drink it with great benefit.

## A FEW CASES MORE.

Southern Towns Find Some New Fever Patients to Watch.

WALL TENTS ARE SENT TO MEMPHIS.

The New Orleans Board of Health expects that there will be more sufferers, but does not fear serious results.

WASHINGTON, Sept. 15.—Surgeon General Wyman has received the following dispatch from Dr. Gutierrez, the government's expert at Mobile, concerning the yellow fever situation there:

"Patient at City hospital is still living. The case of Bosarge, reported by me as suspicious, I have not been able to see again. The subsequent history makes the case more suspicious. Bosarge has not been one of the city nor in any apparent way connected with people from Ocean Springs. I have just been shown another case, which I have pronounced without doubt yellow fever. He is a motorman; no apparent connection with other cases. I have heard the history of another case, which is very suspicious. The cases are not grouped in any one quarter of the city."

A dispatch was received from Fontainebleau, Miss., the site of the detention camp from Surgeon White, stating that Dr. Gaines reports one new case at Berkeley. A nurse and rations were ordered there.

The surgeon general ordered by telegraph 200 wall tents, 12 by 14 feet, to be shipped immediately from St. Louis to Surgeon Young at Memphis, there to be held until further orders.

Steward Goodman was ordered from Fort Monroe, Va., to the detention camp at Fontainebleau, Miss.

May Be More at New Orleans.

NEW ORLEANS, Sept. 15.—No comment is made of the expectation of the officials that possibly a dozen cases more will develop here, but the large medical staff now employed in fighting the disease are not less confident than they were at the start that they will finish yellow fever before frost comes, or at least keep him very "troggy."

A majority of the existing cases are improving, and fatal consequences are looked for in only one instance at present. The authorities expect any other cases that appear to be sporadic, and if they are all as widely separated from each other as are the present cases the health officers do not believe there will be any alarm in the situation.

The board of health has announced five additional suspected cases. Reports from Ocean Springs say there have been four new cases. Surgeon Vasdin, who is ill, is doing well.

Anxiety at Jackson.

JACKSON, Miss., Sept. 15.—The people here are still greatly excited over the fever outlook. People continue to leave the city, and wagon after wagon is used in hauling household goods to places of refuge in the surrounding country. The chief interest centers in Edwards, 20 miles distant, where Dr. Purnell, the fever expert, reported 3 suspicious cases out of a total of 30. The city is surrounded on all sides by an armed guard, and the utmost vigilance prevails. The fears of the people are greatly relieved by the receipt of an official report from the mayor of Edwards saying that an epidemic of dengue is raging, but there are no yellow fever cases.

Charleston Begins Quarantining.

CHARLESTON, Sept. 15.—The board of health of Charleston has now established a strict quarantine against New Orleans, Mobile and other infected cities and districts. Health officers have been placed at Branchville and Yemassee, and passengers, household goods and other classes of freight from those places will not be allowed to come into the city in the future. The quarantine will be strictly maintained.

Spain Declares Quarantine.

MADRID, Sept. 15.—The Official Gazette announces that all vessels arriving in Spain from ports between New Orleans and Ocean Springs, Miss., will be subjected to quarantine.

Trouble For Anarchist Centre.

WASHINGTON, Sept. 15.—The treasury department has received information that an anarchist named Joseph Vento some time ago was expelled from Spain and that he had arrived at Tampico, Mexico, on route to the United States. It is also stated that Vento received assistance from parties in Mexico in his efforts to reach this country and that passage had been engaged for him on the City of Washington. The captain of the vessel, however, refused to receive him, and it is expected that he will now make an effort to cross the border either at some point in New Mexico or Texas. Customs officials have been notified to be on the alert, and if found Vento will be deported as an assisted immigrant.

Counterfeit Money in Washington.

WASHINGTON, Sept. 15.—There is a gang of counterfeiters flooding Washington with bad money. Their specialty is a bright and shining silver dollar of the date of 1896. Two white men, both of whom were strangers in the vicinity and evidently Italians, worked together and used a negro as a stool. The money is described as an excellent imitation of a genuine silver dollar.

Haynes' Trial Is Slow.

WATERTOWN, N. Y., Sept. 15.—The forenoon and afternoon sessions of yesterday, the sixth day of the Haynes murder trial, were spent in placing in evidence and proving maps and photographs of the various places where it is alleged that the different features of the murder were committed.

Murdered by Italians.

GENESE, N. Y., Sept. 15.—Philip Gibbons, a farmer, who lived three miles south of Livonia, was shot and killed by two Italians. The two men were captured. One of them made a desperate resistance. Gibbons was 42 years old and had six children.

Mrs. Spofford Improving.

AMFIBURY, Mass., Sept. 15.—The condition of Mrs. Harriet Prescott Spofford, the writer, who has been ill, is improving. It is now expected that she will fully recover.

**"Don't Jump!"**

In a moment of peril people often lose their heads. Sometimes at a fire a frantic woman jumps to her death just as rescue is at hand.

Women who suffer with some disease or weakness until it becomes unbearable, often jump into worse trouble and still further endanger their health by taking some so-called remedy prepared by an incompetent, uneducated person, perhaps a mere nurse who has no knowledge of medicine and no experience in prescribing for complicated diseases.

The safe and sensible course is to consult an educated, experienced physician. Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., may be consulted free of charge, either personally or by letter, and will give sound professional advice to any woman who writes him. He is one of the most eminent living specialists in women's diseases, and his "Favorite Prescription" has cured more troubles of this kind than any other remedy known to medical science.

"I truly believe that Dr. Pierce's Favorite Prescription saved my life," writes Mrs. Maud Pearce, of Mountville, Fairfield Co., Ohio. "It is a sure and certain cure for 'female troubles.' I am having perfect health. I am stout and can do all my housework. Nothing did me any good until I heard of you. Now I am well at last by taking your medicine. My good health pleases me and pleases my husband. He wants me to give you his good wishes. Every invalid lady should take Dr. Pierce's Favorite Prescription."

For obstinate constipation, Dr. Pierce's Pleasant Pellets are the most natural and truly scientific laxative and curative in the world. They regulate and invigorate stomach, liver and bowels; cure biliousness, indigestion and kindred ailments. Sold by druggists.

Dr. R. V. Pierce's Favorite Prescription is particularly adapted to the restoration of health broken down by hard mental work. Rev. W. M. Slaughter of New Haven, Va., writes: "I suffered with extreme nervousness, dizziness, dull and nervous headaches and sleeplessness. My heart came to troubling me, I was short of breath from the least exertion, and suffered much pain in my left side. Medicine and physicians gave me no relief. I procured Dr. R. V. Pierce's Favorite Prescription. I took it for a few days and my heart troubles were no more and I felt perfectly well."

Dr. R. V. Pierce's Favorite Prescription is sold by all druggists under a positive guarantee. First bottle benefits or money refunded. Back on Heart and Nervous System to all applicants. DR. R. V. PIERCE, MEDICAL CO., ELIZABETH, IND.

## COPENHAGEN HAS HIM

Joseph L. Harris, the New York Firebug, Is In Jail

CHARGED WITH HOTEL SWINDLING.

Remarkable Career of an Arch Arson Conspirator, Who Fleed From the United States With a Large Sum of Ill-Gotten Profit.

COPENHAGEN, Sept. 15.—Joseph L. Harris of New York, upon whose head a reward of \$2,500 has been placed by the police of that city to secure his apprehension and conviction for arson, is under arrest here. He is charged with attempting to swindle a hotel keeper. His identity was discovered by reference to a cable dispatch that was sent to the commandant of police of Copenhagen as well as to the prefectures of police throughout Europe in 1894 describing the fugitive and requesting his instant arrest.

Communication with the police department of New York City has been instituted, and Joseph L. Harris is held to await an answer from that department. A complete description of the prisoner, which tallies with that in the notice of 1894, has been cabled to New York.

Joseph L. Harris went to the leading hotel of Copenhagen on Saturday and registered as John Harris, securing the best rooms in the house.

He had no luggage, and when he was presented with a bill after dinner he said he was expecting the arrival of his wife with money and trunks and that a settlement would then be made.

Fearing that the man was not what he represented himself to be, the hotel proprietor summoned a detective.

Harris was closely questioned and admitted his name to be Joseph and not John.

He was detained, and the police received information, with the result of identifying the man as the remarkable criminal wanted by the New York authorities for arson in the first degree.

A Clever Criminal.

NEW YORK, Sept. 15.—As an incendiary and a shrewd plotter against right and order Joseph L. Harris ranks at the head of a remarkable list.

From the time that the first suspicious fire occurred in an establishment with which he was connected to the day of his flight from this country he was the center of a firebug plot that involved millions.

Not only did the plot embrace the burning of establishments in this city and the destruction of thousands of dollars' worth of property, to say nothing of the risk to human life, but it extended to other cities, to Europe perhaps, and millions were to be the stake for which the game was played.

An epidemic of incendiarism broke out just before Harris' flight on July 15, 1895, and thousands of dollars were paid by unsuspecting insurance companies.

Plot after plot was brought to wicked success, and it is said that many great buildings were marked for the kerosene soaked rags and the torch.

It was after many payments had been made to the insurance companies that suspicion was aroused. Fires had been so complete, everything in a building had been wiped out in so short a time, and the list of stock had been so incommensurate with the wet piles of black ashes. Kerosene, too, was noticed and in some cases explained away by the statement that a lamp must have exploded.

So Harris and the band prospered for a time. They had \$1,000,000 or more. There were a half dozen in the band, and Harris was worth at least \$200,000 when he went off to Europe to escape the law.

The band developed into a knot of scientific incendiaries, who knew the best way in which to place a fire, an overshoot, for instance, filled with kerosene or benzine, with a candle left to sputter near it.

There were millions of dollars awaiting the band if all went well. Part of it did go well, and the insurance companies paid them dollars to the criminals.

But investigation came tramping along, and then the plot for millions was upset. Arrests and convictions came, too, and Harris fled with his \$200,000.

Human life was held at naught by Harris and his aids in their great schemes of arson. The magnitude of these may be measured by the result of a fire in Stoke & Co.'s fur store at 15 West Fourth-street.

The specific charge against Joseph L. Harris is that he set this fire. An umpire awarded \$101,370.62 to Stoke & Co. for this fire after Harris, who was in the firm, had offered to settle for \$110,000.

It is for this fire and subsequent revelations concerning its origin that Harris fled from this country, pursued by detectives and a called offer of \$2,500 for his arrest and conviction. Of this \$1,500 is for his delivery into the hands of the police.

A Notice to Ticket Scalpers.

NEW YORK, Sept. 15.—Pursuing to comply with the provisions of the penal code of New York so far as it relates to the railroads, the New York Central and Hudson River Railroad company has sent a notice to ticket scalpers throughout the United States that it will, upon presentation at the office of its general passenger agent in New York, redeem the whole or any part of any passage ticket sold prior to Sept. 1 last that is valid for passage over its lines, whether such ticket was sold by that company or by any other transportation company authorized to sell such tickets over this line, while tickets sold since Sept. 1 will be redeemed in accordance with the provisions of the penal code.

Tries to Gain His Freedom.

BOSTON, Sept. 15.—Jesse G. Crane of Pittsburg has brought a petition in the United States circuit court asking for a writ of habeas corpus for his release out of the naval garrison at the Charlestown navy yard. The petitioner is held under sentence of court martial for a misdemeanor. Crane claims that the sentence is null and void because it is prohibited by an act of congress. For the record of the court martial does not state expressly the facts on which the jurisdiction depends, and it does not appear that the court was legally constituted.

"Bob," the smooth coated fox terrier belonging to the State, whose duty it is to rid the State Hospital of rats, is as handsome a specimen of the breed as ever mipped a rat. He was not handled for the bench show, however. Being on duty the night previous he was sleepy and lazy and would not respond to the tests. "Highly recommended" was the best the judges could do. This dog was bred by the Lorillards. Look out for him another season.

## NOTES.

The cavalcade of horses, this afternoon, was an attractive feature. There were seventy-five horses in the parade which was headed by the Chester Band and the Agricultural Society directors who rode in a big bus.

Many friends of the Argus and Mercury ate their lunches in the paper's cool tent on Newspaper Row.

G. G. Otis' charcoal copy of an engraving of a particularly sweet faced child attracts attention and receives many compliments at the grand exhibition of portraits in the main hall.

When Miss Myra Mapes was appointed judge of musical instruments, Secretary Morrison gallantly said: "If there is any discord, down it with your own harmony."

The first day's receipts were over \$200 more than they were at Newburgh, last year. The bicycle race was a drawing card.

The way the crowd came in to-day astonished the croakers who were skeptical about the fair's success.

Secretary Morrison knows more ladies than any man on the grounds.

McMonagle & Rogers received the following awards for their exhibit: Drugists sundries, bronze medal; crude drugs, cash prize; fruit syrups, diploma; per

fume and toilet waters, silver medal; toilet preparations, cash prize; spices, cash prize; toilet soaps, honorable mention; fruit flavors, bronze medal; physicians' supplies, diploma.

Assistant Superintendent Elwood does not allow himself to rest a moment. He is surely the right man in the right place.

The distribution of judges' badges and dinner tickets kept the officers busy, this morning.

Assistant Treasurer Nickerson handled big money, to-day.

W. Gibbs starts the horses in the races and he knows how to do it.

School children were on the grounds from all parts of the county, and the exhibition was to them a field of knowledge, the value which cannot be overestimated.

Many of the judges patronized the uptown restaurants, to-day, before beginning their labors.

Robert Johnson, Supt. of Dogs, is one of the most accommodating men on the grounds. He is well qualified to fill his position.

Horace D. Thompson is on duty constantly at the cattle show.

Mrs. B. B. Williams makes a model superintendent of the domestic department.

More cold chicken lunches, delicious pies and cakes were shown in baskets about the grounds, to-day, than at any fair in years.

The Argus and Mercury tent is open to everybody. Take home a copy of each paper and read all about the fair.

The rattle-dazzle organ has more notes out of key than any similar instrument of torture heard in many a day.

Good looking girls with a card or souvenir from every tent or exhibit on the grounds have roamed about the streets and buildings, happy and contented.

Our past devil Kirby looked over the scene at noon and remarked: "This is a great place for the tillers."

Mr. and Mrs. Alfred Crans, of Kaiserstown, Miss Embler, of New Haven, Mr. and Mrs. Geo. Mould, Miss Harris, Mr. and Mrs. McMonagle and Miss Mapes, of Montgomery, formed a jolly luncheon party in the Argus tent, to-day.

The music by the Chester Band was truly up to the standard of that crack organization's work.

Supt. of Police Goodale has not had occasion to make an arrest.

A drove of pigs for exhibition here was driven through North street at 10 o'clock, Tuesday night.

The telephone in the main hall is a great convenience. Manager Thompson also receives compliments on the writing desk and service the Western Union supplies.

The O. and W.'s "Winter Homes."

The O. and W. is preparing to issue a "Winter Home" book, similar to the one issued last year, which will contain announcements of houses in Liberty and elsewhere which desire to receive boarders in the winter.

Playing Ball for \$200.

The Goshen and Port Jervis nines, between which there is a hot rivalry, are playing in Port Jervis, this afternoon, the first of a series of three games for a purse of \$200.

A Peach Store Robbed by Burglars.

The peach store in the Harford building, East Main street and East avenue, was broken into, last night, and seven baskets of peaches stolen. With peaches at present prices, this theft hardly seems worth while.

A LETTER TO WOMEN

From Mrs. James Corrigan.

For seventeen years I have suffered. Periods were so very painful that I would have to go to the doctor every month.

He said that I had an enlargement of the womb, and told my husband that I must undergo an operation, as I had tumors in the womb, and it was a case of life or death.

I was operated upon, twice, but it did not seem to do me any good, it made me very weak.

I was troubled with the leucorrhoea a great deal.

I also suffered with the sick headache, vomiting spells, backache all the time, terrible pain in my left side, chills, loss of appetite, and could not sleep nights. After taking several bottles of Lydia E. Pinkham's Vegetable Compound, some Liver Pills, and using your Sanative Wash, I recovered.

I can eat well, and every one that sees me tells me I am a different person. I can do all my own work, sleep well and feel well. I am growing stronger every day, and am able to go out and enjoy a walk and not feel tired out when I return, as I used to. I doctored for sixteen years, and in all those years I did not feel as well as I do at the present time. I wish that every woman that is troubled as I was, would try that medicine. Oh! it is so good to feel well, and it is all owing to Mrs. Pinkham's kind advice and medicine.

Mrs. JAMES CORRIGAN, 284 Center St., Jamaica Plain, Mass.
